Plaintiff,

vs.

BRYAN PAUL REYES,
Defendant.

CRIMINAL CASE NO. 07-00088-001

INFORMATIONAL REPORT

Re: Request for Modification of Release Conditions

On September 21, 2007, Bryan Paul Reyes came before the Honorable Joaquin V.E. Manibusan, Jr., U.S. Magistrate Judge, for an Initial Appearance and Arraignment on the charge of Theft of Government Property, in violation of 18 U.S.C. § 641. Represented by the Federal Public Defender, he pleaded not guilty to the charge, and the Court set trial for November 14, 2007. The defendant was released on a personal recognizance bond with conditions.

Special Condition: *The defendant shall refrain from use or any unlawful possession of a narcotic drug or other controlled substances, unless prescribed by a licensed medical practitioner.* Following the hearing, the defendant reported to the U.S. Probation Office for processing. A urine test was administered to check for the use of controlled substances. The drug test was positive for the presence of amphetamine/methamphetamine. When queried about the suspect result, the defendant admitted to smoking the drug "ice" on the previous day, September 20, 2007. He executed a statement form admitting to the drug use. The defendant agreed to a modification of his release to include the following condition:

"Participate in a program of inpatient or outpatient substance abuse therapy and counseling if deemed advisable by the pretrial services office or supervising officer."

The defendant's attorney was appraised of this finding and he had no objection to the proposed modification of release condition. The Special U.S. Assistant Attorney was also informed of the incident and the request to add substance abuse therapy and counseling as condition of release. The defendant was advised that continued violation of conditions can result in a revocation of his release.
